

Organized by Tokyo Metropolitan Government

Tokyo Sustainable Finance Forum

Tokyo Metropolitan Government(TMG) has been proactively making efforts to promote sustainable finance through various actions in order to contribute to solving social issues through finance. Tokyo Sustainable Finance Week is organized by the TMG from Feb 8th 2021, with the aim to promote financial services that contribute to the establishment of a sustainable city and to develop Tokyo's presence in the field of sustainable finance.

'Sustainable Finance Forum', a high level forum for public and private sectors, including financial institutions and financial industry groups, will be held during the Tokyo Sustainable Finance Week to discuss various possibilities offered by sustainable finance. At the forum, experts will discuss the latest global trends in sustainable finance, the challenges in the sustainable finance market in Japan and a wide range of possibilities of sustainable finance that leverages the strengths unique to Tokyo. The program is divided into two sessions. In the first half, keynote speakers will introduce current trends in sustainable finance. In the latter half, a panel discussion is organized. The panel experts will discuss the diversification and possibilities of sustainable finance, including the perspectives of the post-COVID-19 era.

We look forward to your participation to the event.
